

CULTURE AND RACE:

What Divides and Unites Us

November 9 • 1-2:30 PM • Woodbourne Library
Registration required at wclibrary.info

Join us for a discussion about culture and race in today's society. Based on the Tim Wise documentary "White Like Me", the Library is teaming up with the Weavers, a regional social action group, to host a three-part series on this topic in early 2020. This event will give a 'sneak peek' overview of that series with time for both presenters and audience members to share personal experiences of prejudice and/or historical perspectives.
