## March 2023

## Human Resources Recommendations

## 2023 PAY RANGE RECOMMENDATIONS

To remain competitive with comparable libraries and increase our efforts to attract and retain quality candidates and current employees, an increase of $2 \%$ to the minimum and $5 \%$ to the maximum of the majority of pay ranges is recommended for 2023. We are actively recruiting for three positions, with another two positions in the near future. The recommend adjustments to pay ranges will not impact wages of current staff.

## 2023 PAY RATES RECOMMENDATIONS FOR NON-BARGAINING UNIT EMPLOYEES

Sixteen employees, comprised of exempt and non-exempt in supervisory/confidential roles were evaluated for prior year performance. Three employees, currently in their provisionary period, are not included in the recommendations following.

Employees are evaluated on their specific job responsibilities and tasks as well as five core competencies. Core competencies are Communication, Customer Service, Managing Performance, Problem Solving and Teamwork. An overall rating is assigned by their supervisor to each area.

The performance distribution (Job Responsibilities/Core Competency) is as follows:

- Exceptional/Exceptional rating (E/E) $=6$ employees
- Exceptional/Highly Successful rating (E/HS) = 1 employee
- Highly Successful/Exceptional rating (HS/E) = 3 employees
- Highly Successful/Highly Successful rating (HS/HS) = 5 employees
- Successful/Highly Successful rating (S/HS) = 1 employee

See distribution of 2022 performance ratings for as compared to 2021

## Recommendations for Merit Increases:

Proposed individual merit increases range from zero to 5 percent based on 2022 performance. Adjustments will be made according to where the individual's pay fell to midpoint. The average merit increase is $4.52 \%$ after midpoint adjustment.

The above compensation strategy will also be used to award merit for non-bargaining unit employees eligible for merit increases at the end of their provisionary period as well as eligible partially benefited employees who will be participating in the performance management process in April for prior year, April 1, 2022 to March 31, 2023 performance.

Annual cost of proposed merit increases for sixteen non-bargaining unit, fully benefited employees is $\$ 38,884.76$.

## HOLIDAY PAY

## Policy

Benefited employees shall be entitled to the following holidays with pay:
New Year's Day
Memorial Day
Juneteenth
Independence Day
Labor Day
Thanksgiving Day
Christmas Eve
Christmas Day
Additionally, an employee may elect to take 3 hours on a religious holiday such as Good Friday, by arrangement with the Supervisor or Manager in his/her absence.

Benefited employees shall record hours on their time sheet in the "holiday" space according to the following formula:

| Regularly Scheduled | Rate for Holiday <br> Weekly Hours |
| :--- | :--- |
| $\underline{\text { Pay }}$ |  |

In order to receive Holiday pay, employees must work their last scheduled day before and their first scheduled day after the Holiday. However, employees on an approved vacation leave or previously scheduled sick leave will be considered to have worked those days.

It is possible that an employee who works 40 hours during the holiday week on days before or after the holiday will have a total of 48 hours for the week. This employee will be paid for 48 straight-time hours. Holiday pay does not count toward overtime.

## HOLIDAY PAY

Procedure
In order to earn a full week's pay during the week of a holiday, the employee may make up the time lost by working extra hours during the same week as approved by the supervisor or use accrued vacation hours for the balance of the scheduled hours. If the employee does not have any accrued vacation hours remaining to draw from, he/she may request to take leave without pay (See Time Off Without Pay Policy).

Revision: 12 16 MR 3-23 MR

## VACATION LEAVE

## Policy

Vacations are scheduled, if possible, when the library activity is lowest and at the mutual convenience of the library and the employee. The Team Leader and Manager or in their absence the Director, must approve all vacation leave.

Discussion of vacation plans is encouraged among departmental members to avoid conflicting vacation requests. However, if two (or more) employees request the same vacation leave, requests shall be approved on a first-come first-served basis. The Library reserves the right to limit the number of vacation leaves granted if granting multiple requests would detrimentally affect customer service.

Vacation does not accrue partially during a work year. Newly hired employees will be awarded one week of time off upon hire to be used in the employee's first six months. This time off that is used during the first six months will be unpaid when it is used; however, employees who maintain their employment for six months from date of hire will be reimbursed for the number of days used within two pay periods after they have been employed for six months. Pay will only be made if the employee is still employed at the time of payment. If not used, this time off will be converted to vacation time but must be used in the employee's first year of employment, subject to the rollover/forfeiture provisions described in this policy.

In addition, Eeach newly benefited employee, without prior public employment, after six months of service and successful completion of their provisionary period, is entitled to one week's vacation leave with full pay. This leave is to be taken during the second six months of service. Thereafter, vacation is earned upon the anniversary date of the person's employment:

| 6 months of service | One week vacation |
| :--- | :--- |
| One year of service | Two weeks vacation |
| Five years of service | Three weeks vacation |
| Ten years of service | Four weeks vacation |
| Fifteen years of service | Five weeks vacation |

Full pay shall be considered the employees' current hourly rate multiplied by the average number of hours worked during the year in which vacation was accumulated.

The Ohio Revised Code $\S 9.44$ requires that prior employment with the state of Ohio and any political subdivision of the state be considered as prior service credit for the purposes of calculating vacation leave. See Prior Public Service Policy.

If during an approved unpaid leave of absence or unpaid medical disability leave, the employee works less than forty one hours in two consecutive pay periods, the employee's anniversary date shall be deferred for a period equal to the length of time the employee was not working 41 hours per pay period, to allow 12 months of service to be accumulated. This revised anniversary date shall become the employee's new anniversary date thereafter.

Vacation leave shall be taken after the date upon which it is earned. A maximum of one week of vacation leave may be carried over to the following year. The Fiseal Office must be notified in writing of the employee's intent to carry over vacation leave within one (1) month of the employee's anniversary date. An employee shall NOT take more than six (6) weeks of vacation in any given year. The maximum balance of vacation time an employee may have is limited to thirty (30) days. No compensation will be paid out for any unused vacation at the end of the year.

At the time of separation not for cause, and after six complete months of service, an employee shall be entitled to any unused vacation leave accrued as of the anniversary date preceding the employee's separation. In the case of death of an employee, unused vacation leave credited to the employee shall be compensated to the employee's beneficiaries and/or estate on the same basis as one who separated from employment.

Requests must be made in one-hour increments for non-exempt employees. Exempt employees must make requests in full day increments.

 moved, $\qquad$ seconded of the following resolution:

RESOLUTION NO. 023-002
As part of the change in officers of the Board, we need to make changes to the Master Services Agreement. This is the authorization to make any and all changes to the bank accounts. At a minimum, this needs to be the Board President and Vice President.

The changes to be authorized, at a minimum, are:
Add:

- Barbara Denison, President
- Randall Bowling, Vice President

Remove:

- Liz Cline

It is also necessary to make changes to the Appendix A-1: New Account/Change in Authorized Signers. The changes to this are:

Add:

- Carleen Suttman, Secretary

Delete:

- Liz Cline

Changes are also needed to Appendix B, which is the authorization to make changes to Treasury Management Services. This would include the authorization to make changes or additions to the allowable ACH debit transactions. The Fiscal Manual allows for changes to be made based on the approval of the Fiscal Officer and Library Director. However, these changes must currently be approved by the Board President or other officer. Additionally, there have been no changes made to this appendix since at least 2019. The changes required are:

Remove:

- Ram Nunna
- Elizabeth Cline
- Cynthia Uttermohlen

Add:

- Barbara Denison, President
- Carleen Suttman, Secretary
- John Monteith, Fiscal Officer

Finally, the US Bank Investments Customer Identification Supplement needs to be updated. This will involve removing Liz Cline, and replacing her with Barbara Denison.

Upon roll call on the adoption of the above resolution, the vote was as follows:

BOARD OF TRUSTEES
WASHINGTON-CENTERVILLE PUBLIC LIBRARY

The Board of Trustees of the Washington-Centerville Public Library, Montgomery County, Ohio met in regular session on February 21, 2023 at 7:00 pm at the Centerville Library with the following members present:

Nunna moved, Cline seconded of the following resolution:

> RESOLUTION NO. 023-003

Oversight of the financial activity of the library is an important role of the Library Board of Trustees. As part of this, Board knowledge and approval of any new bank accounts to be opened in the name of the Washington-Centerville Public Library is one of the most important roles. Additionally, the Auditor of State has generally considered this to be a requirement even though it is not specifically outlined in the Ohio Revised Code.

Therefore, be it resolved, that the Board of Trustees does hereby approve the opening of a charitable checking account with the Dayton Foundation for the purposes of collecting and maintaining donations for "The Wall That Heals" travelling Vietnam Veterans Memorial wall to be hosted in July 2023.

Upon roll call on the adoption of the above resolution, the vote was as follows:

## RESOLUTION NO. 023-004

Ohio Rev. Code § $\mathbf{5 7 0 5 . 1 2}$ states "In addition to the funds provided for by sections 5705.09, 5705.121, 5705.13, and 5705.131 of the Revised Code, the taxing authority of a subdivision may establish, with the approval of and in the manner prescribed by the auditor of state, such other funds as are desirable, and may provide by ordinance or resolution that money derived from specified sources other than the general property tax shall be paid directly into such funds. The auditor of state shall consult with the tax commissioner before approving such funds."

During July 2023, the Washington-Centerville Public Library will be hosting "The Wall That Heals", which is a three-quarters size travelling Vietnam Veterans Memorial Wall. The source of the funding will be donations from the general public and grants from community organizations. As the usage of the funds will be restricted to purposes directly related to the event, it is the desire of the Board of Trustees to establish a special revenue fund to account for the revenues and expenditures for the event.

The new fund request will be sent to the Auditor of State upon approval by the Board of Trustees. If approved by the Auditor of State, the new fund will be created within the accounting system.

Fiscal Officer: John Monteith
Phone No.: (937) 610-4485
Request Date: February 22, 2023
Fund Requested: Special Revenue - "The Wall That Heals"
Purpose of Fund: To account for the collection of restricted donations and associated
expenditures for "The Wall That Heals". This is a traveling Vietnam Veterans Memorial
Wall that will hosted in July 2023. This event will require significant support from local community organizations and governmental partners.

Sources of Revenue: Restricted donations

Anticipated Expenditures (Types): Payroll and benefits, supplies, food and beverages for volunteers, security services, marketing, publications, and other expenditures.

NOTE: Please attach a copy of the resolution requesting approval to establish the fund.

## STALE DATED CHECKS TRANSFER

Ohio Revised Code Section 9.39 prescribes the process for unclaimed funds, which based on our checks occurs at 180 days. At this point, the check has become void, and the funds are to be credited to a "trust fund" and shall be retained there until they are claimed by their rightful owner.

If the owner claims the funds, the money is to be transferred back to the General Fund and then paid out, as it was originally intended to be. If, after five years, the money remains unclaimed, it is then transferred back to the general fund of the library.

We are asking the Board to approve the transfer of $\$ 51.00$, related to the following checks:

| Date | Check\# | Payee | Purpose | Amount |  |
| :---: | :---: | :--- | :--- | :---: | :---: |

Investment Laddering - Including STAR Ohio and PNC Money Market

# Washington-Centerville Public Library <br> Month Ending February 28, 2023 <br> Notes to the Monthly Financial Statements 

## Cash Position Statement and Reconciliation

1 - General Fund increased by nearly $\$ 1.9$ million in February 2023. Anticipated increase was about $\$ 1.4$ million. This is largely due to the timing of property tax advances. These funds will largely be expected to carry us through to the August property tax advances and settlement

2 - Fund was approved by the Auditor of State on 2/22/23
3 - Evaluating moving some of these funds to Star Ohio

## Monthly Revenue Statement

1 - Public Library Fund remains just slightly ahead of anticipated amounts for the year. Through February, we are about $3.3 \%$ above estimated amounts. Currently, the PLF is anticipated to revert back to $1.66 \%$. It is currently set at $1.7 \%$. Gov. Dewine has proposed moving it to $1.7 \%$ permanently. 2 - A total of five advances have been received so far. Waiting on the final settlement, which was received in April last year. If it remains on pace with last year, we should be at about $55 \%$ of the property tax levy being received for the year.
3 - Patron Fines, Fees and Supplies are currently above estimated amounts. Patron Fines and Fees are above estimated amounts. Passports and Passport Photos have been strong through the first two months. Passport appointments are booking out several months at this point. Patron supplies have come in slightly under estimates.

4 - Interest continues to be far above estimated amounts. This is largely a result of STAR Ohio trading at between $4.8 \%$ and $4.9 \%$.

## Expense Account Summary

1 -Through the first two months, salary expenditures are nearly $12 \%$ less than budgeted amounts. There are two areas that we are seeing expenditures being significantly less than anticipated. Administrative Support is over $\$ 20,000$ under budget for the year. This is a result of open positions in Systems, Community Relations and Human Resources. We also are seeing Library Specialist expenditures coming in lower than anticipated, partly due to the anticipated addition of a Team Leader for Creativity Commons

2 - OPERS expenditures are coming in lower than anticipated due to the open positions that were noted in Footnote \#1, coupled with the raises that were budgeted for the year. It is anticipated that some of this difference will correct beginning in the April Financial Report

3 - Insurance benefit expenditures were over $\$ 10,000$ less than budgeted for the month. Part of this is related to the open positions previously noted. There was also some additional budgeted amounts to account for changes in coverage types.

## Washington-Centerville Public Library <br> Month Ending February 28, 2023 <br> Notes to the Monthly Financial Statements

4 - Supply expenditures continue to come in significantly under budget. This points to two things. First, staff is doing their due dilligence to search for the best prices and options prior to making a purchase. Second, the budget process needs to better identify programs, and when they will occur. This will allow to build a budget that is more reflective of how the money will be spent.

5 - Property maintenance expenditures came in well under budget for February. This is due to no significant building-related expenditures occurring in February, anticipated increases in janitorial expenditures not occurring, and warmer weather not resulting in no plowing being required in February.

6 - Utility costs came in significantly under budget for the month. Combined, we budgeted about $\$ 20,500$ for utilities. We ended up spending only about $38 \%$ of that amount.

7 - Professional services ended up over the budgeted amount for the month. This was the result of the legal services bills related to the collective bargaining agreement. We received one additional bill in March, and are prepared for possibly one additional bill next month. These amounts should be insignificant

8 - Other Contracted Services also ended up over the budgeted amount for the month of February. This was the result of two significant expenditures. First, the annual bill for SearchOhio was paid in the amount of $\$ 7,306$. We also paid for Microsoft 365 annual licenses during February. This was an expenditure that we anticipated, based on last year, to be paid in March or April
9 - New book expenditures were less than half of the budgeted amount for February. This is the result of a large amount of orders being delivered at the end of 2022 and into January. So far in 2023, we have spent about $74 \%$ of the budgeted amounts (January and February budgeted amounts).

10 - Online subscriptions exceeded the budgeted amount. This is due to the subscription purchases for the Roku devices that have been added as a result of the Friends grant.

## Investments

1 - Investment purchase amount declined by $\$ 495,720.83$ as compared to February. We did not replace this investment in February. It was replaced in early March, along with the $\$ 400,000$ investment maturing on $3 / 1 / 23$.

Estimated annual income declined by $\$ 4,279.17$. The decline in estimated income is reflected in the revenues as it was received in February. As a result of the purchases made in March, estimated annual income should increase by nearly $\$ 15,000$ next month
