

Guitar Maker Kit

Guide

The included *Teach Yourself to Play Guitar* book and disks should contain everything you need to learn how to play the acoustic guitar.

Starting Out

You should probably start by tuning the guitar. An electronic tuner is included in the kit and instructions can be found on page 6 of the included book.

Once tuned, go to page 7 to learn how to hold the guitar, and then continue through the book to learn everything you need to know to start playing the guitar!

We have a wide selection of additional guitar instruction books and DVDs in our collection. Find them in our catalog at <http://encore.wclibrary.info>

Troubleshooting

If you experience problems, please contact the Reference Desk at cvref@wcpl.lib.oh.us.

Feedback

We would love to hear how your experience was! Please complete this survey:
