Suitcase Craft

You Will Need:
- 1-2 Pieces of Construction Paper (any color)
- Scissors
- Glue
- Pencil
- Hole Punch
- 1 Piece of Yarn or String
- Roll of Tape or Other Small Round Object

Using the Sample as your Guide:
1. To create the body of the suitcase, cut a piece of construction paper in half. Discard the other half or use for the handle.
2. Use the roll of tape or other small round object to trace and round all 4 edges of the 1/2 sheet of paper.
3. To create the handle, cut a 1/2 sheet of construction paper in half.
4. Take one of those halves and cut a rectangle out of one side of the paper. Set this rectangle aside for the luggage tag.
5. Trace and round the top edges of the handle with the roll of tape.
6. Glue the handle to the top of the suitcase.
7. To create the luggage tag, take the rectangle from the handle and fold it in half. Cut one end to a point. Unfold the paper.
8. Use the hole punch to punch a hole into the pointed end.
9. Use the yarn or string to tie your name tag to the suitcase handle. Don’t forget to write your name on the tag!
10. Decorate the outside of the suitcase however you’d like!
